

HEALTH SERVICES MANAGEMENT, CERTIFICATE

The Certificate in Health Services Management is designed to serve the needs of health care professionals who already have a bachelor's or master's degree or advanced medical degree and who seek training in the management of health services. The certificate is a four-course, 12-hour sequence.

To gain admission into the certificate program, participants must be admitted to the university through the regular admission process (<https://www.roosevelt.edu/academics/programs/masters-in-public-administration-mpa/>). Certificate courses can be applied toward the complete Master's in Public Administration for students who subsequently decide to pursue the complete degree.

Four courses (12 hours) are required for the certificate - two are required and two are electives. Students must maintain a 3.0 GPA and attain at least a B in all courses. All of the courses can count toward the Master's in Public Administration degree. There is no residency requirement for this certificate.
