

ADMISSION

Undergraduate Admission

Roosevelt University is committed to educating students of diverse cultural and academic backgrounds, ages, and work experiences. Each student who applies is evaluated on individual merit.

Undergraduate admission materials vary by type of student (freshman, transfer, student-at-large, international) and by the college (Humanities, Education and Social Sciences, Heller College of Business, Science, Health and Pharmacy, or Chicago College Performing Arts). Grade point averages are a part of this evaluation; some programs have additional requirements such as test scores, letters of recommendation, auditions, or interviews. Other programs require that prerequisite coursework be taken before beginning a major.

DEGREE-SEEKING STUDENTS

Freshman applicants

Students who have graduated from high school or completed a GED and who have attempted fewer than twelve (12) credit hours of transferable college credit are considered for admission as freshman applicants. Hours completed through dual-enrollment, AP, and/or IB credit before high school graduation do not apply to the twelve (12) transferable hours.

Required documents: In addition to the online application, freshmen should be prepared to submit high school or GED transcripts, transcripts from any colleges attended (in order to award credit), and either the American College Testing Program (ACT) or College Board's Scholastic Aptitude Test (SAT) standardized test scores. Current high school students can be considered for admission any time after completing at least three years of high school course work. A **final official** transcript will be required upon graduation for all enrolled students. ACT and SAT scores posted on official high school transcripts are official.

Roosevelt's ACT code is **1124**; SAT code is **1666**.

Roosevelt's **admission review process is test optional** but test scores are requested prior to enrollment for English and math placement.

GED Applicants: Adult students with no transfer credit and those with a GED who have not taken the ACT or SAT within two years of applying are required to take the Roosevelt University Assessment as part of the enrollment process.

Home-schooled Applicants: Applicants participating in a Home Education or Non-Traditional High School Program must present a transcript from the home school educator. In addition, all other standard freshmen applicant documents apply.

Verification of high school completion

The Office of Admission will confirm that all students' transcripts arrive from a high school with a College Entrance Exam Board (CEEB) code, as well as the high school seal and/or signature. If a transcript is from a high school that lacks a CEEB code or seal/signature, the Office of Admission will investigate to confirm the school is recognized by the Illinois State Board of Education or home school association. The Office of Admission may request a copy of the student's diploma at any point in the admission or enrollment process as part of the verification process.

If a diploma is determined to be invalid, a GED may be required for admission.

Transfer applicants

Students who have attempted and earned twelve (12) or more semester hours of transferable college credit since receiving a standard high school diploma or equivalent are considered transfer applicants. Hours must be earned at a regionally accredited institution to be considered transferable.

Required documents: In addition to the completed application, transcripts must be received from each college where course work was attempted, regardless of credits earned. Unofficial transcripts can be used to make an initial admission decision. **Final and official** transcripts will be required for all enrolled students. A transcript is considered **official** when embossed with the institutional seal and delivered in a sealed envelope on institutional stationery or sent directly from the institution to Roosevelt.

Transfer Credit Policy

Transfer credit is accepted from regionally accredited colleges and universities. Detailed information is available in the **Transfer Credit Policy** (<https://www.roosevelt.edu/sites/default/files/2021-02/Transfer%20Credit%20Policy%20FINAL%20011921.pdf>), found on the university's website.

Students-

at-Large cannot register online, registration must be completed in person, by fax, or by mail.

GENERAL ADMISSIONS INFORMATION

Admission Appeal

Freshmen: Students who do not meet the admission requirement of an unweighted 2.0 cumulative (overall) on a 4pt scale can be reconsidered for admission based on their final final transcript GPA.

Transfer: Students with a 1.9 cumulative transfer GPA may be eligible for probationary admission on an individual basis. To be reviewed for probationary admission, students must submit a personal statement to their admissions counselor.

*Students admitted through the academic review are ineligible for merit-based scholarships.

****Applicants are reviewed on a monthly basis. Students submitting documents for review should do so at least forty-five (45) days prior to the start of the semester to ensure adequate time for an admissions decision to be made.**

Rescission of Admission Offers

The Roosevelt University Office of Admission reserves the right to rescind an offer of admission to a prospective student under the following circumstances:

- Negative academic performance in coursework in-progress at the time of application for admission reduces an applicant's grade point average (GPA) below the institution's minimum academic requirements for admission.
- Significant discrepancies between official academic and test records and the self-reported information provided in the application for admission.
- The cancellation of the test score used in the decision to offer admission.
- Withholding pertinent information requested on the application or giving false information, including failure to report all high school and/or collegiate credit.

The Office of Admission at Roosevelt University follows the National Association of College Admission Counseling Statement of Principles of Good Practice and agrees that our employees will:

"Not offer or accept any reward or remuneration from a college, university, agency, or organization for placement or recruitment of students. Members will be compensated in the form of a fixed salary, rather than commissions or bonuses based on the number of students recruited."
