

CHEMISTRY, MINOR

The Chemistry minor provides comprehensive training in chemistry by completing the general chemistry and organic chemistry core courses and an additional laboratory course in analytical or organic chemistry. Chemistry is a useful minor for students majoring in Biology, Allied Health, Psychology, Sustainability, Business, Criminal Justice, or Elementary or Secondary Education, and/or for students anticipating post-baccalaureate study in medicine, pharmacy, dentistry, or other health professions. A student may earn a minor in Chemistry by completing 25 credit hours.

Requirements

Residency requirement. At least 8 credit hours of Chemistry, including at least one laboratory course, must be completed at Roosevelt University.

Grade requirement. All courses for the Chemistry Minor must be completed with a grade of C or better.

GPA requirement. All courses for the Chemistry Minor must have a cumulative minimum GPA of 2.0.

Other requirements. Courses used to satisfy a supporting sequence can be applied to a minor, but no course can be applied to simultaneously satisfy requirements of a major and a minor. No course can be used to simultaneously satisfy requirements of two minors.
