

MINORS

Undergraduate students may choose one or more secondary areas of specialization, called minors, along with their majors. Minors typically require between 15 and 18 credit hours. Students majoring in one program often elect to complete a minor in another program and even in another college. Completion requirements vary and are reviewed by faculty in each program that offers a minor. Students should consult with academic advisors to determine if a minor fits their academic plan and to select courses.

- Actuarial Science, Minor (<https://catalog.roosevelt.edu/undergraduate/health-science/minor/actuarial-science-minor/>)
- Biology, Minor (<https://catalog.roosevelt.edu/undergraduate/health-science/minor/biology-minor/>)
- Chemistry, Minor (<https://catalog.roosevelt.edu/undergraduate/health-science/minor/chemistry-minor/>)
- Computer Science, Minor (<https://catalog.roosevelt.edu/undergraduate/health-science/minor/computer-science-minor/>)
- Data Science, Minor (<https://catalog.roosevelt.edu/undergraduate/health-science/minor/data-analytics-minor/>)
- Environmental Science, Minor (<https://catalog.roosevelt.edu/undergraduate/health-science/minor/environmental-science-minor/>)
